The Gold Democrat.

Political and Miscellaneous Items.

THE Vellejo Chronicle (Republican), says: The fact is that Gov. Haight does not employ Chinamen.

THE Bulletin sees the handwriting on the wall, and inquires of Republicans: "If we are to be magnifying their own strength and the weakness of the Democrats?"

GRANT carried Sacramento by 901 majority. This year the Democrats have strong hopes of carrying it. Even the Republicans admit the strength of the Democrats.

THE Republicans telegraphed to the San Francisco newspapers that there were 10,000 men in the Sacramento procession. By actual count there were just 1,476—all told.

THE Tribune is responsible for the report that four members of the Civil Service Commission, before leaving Washington, drew from the Treasury \$500 each, as payment of their services thus far. This is at the rate of \$50 a day.

THE Union Democrat says it is so apparent that Haight will carry Tuolumne county by a large majority that the Republicans cannot create an opposition to him. We may add that every same condition of things exist in nearly every county in the State.

TAXPAYERS should remember that they are now paying a tax of 8 cents on every \$100 valuation of their property to the Central Pacific Railroad monopoly; and that this amount is liable to be increased ad libitum if the subsidy voters on the Republican State ticket are elected.

THE Fitch has come over the mountains from Utah. We would suggest that he be permitted to stump the State with George C. Gorham. They would make a nice team, and the people would not be obliged to believe a word either said.—*San Francisco Chronicle.*

EVERY employee on the Government works at Mare Island is assessed one day's wages each month to assist in carrying the republican campaign now progressing in this county. Every employee in the mint, postoffice and custom house is assessed each month in proportion to the amount of his salary.

THE best informed men of both parties agree that the Democratic State ticket will carry San Francisco by 2,000 majority. Outside of this, our majority was decided and it is not exaggerating to say that Governor Haight will be re-elected by 8,000 or 10,000 majority.

THE Tampa (Florida) Peninsula declares that there is a cousin of the deceased in that State who has never been appointed to any office. Every *Courier-Journal* says that "as the declaration is unsupported by the sworn testimony of reliable witnesses, we do not hesitate to pronounce it false."

THE Pittsburgh Post says the Democratic majority in Philadelphia will not be less than 5,000 at the coming election, whereupon the Philadelphia Age says: "Not less than 5,000, friend Post, if we get it, and if it is not granted, there will be an extra demand for undertakers in certain quarters."

M. M. POMEROY and G. C. Gorham spoke on the same evening in Sacramento last week. Pomeroiy lectured to working men in the Pavilion and had about 2,000 present, and George Corrie Gorham spoke on the street for both of the republican and democratic parties, and had about 500 men and boys to hear him.

SAW HER GHOST.—The Colusa Sun says: "John A. Bingham, at Marysville, said, 'On account of my shattered voice, I ask you to draw as near as possible. The poor fellow doubtless saw the ghost of Madam Surra, and desired the people to hear her him, that he might feel protected. It is said that murderers are continually seeing the spirits of their victims.'"

THE Democratic party has reduced the State debt \$2,000,000, and the rate of taxation to 80 cents, and in the meantime has expended nearly \$1,000,000 in the erection of public buildings. If this is extravagance then let us have more of it. Elect the Democratic ticket, and in four years more "Democratic extravagance" will have completed all the public buildings, extinguished the debt, and reduced taxation to fifty cents on the \$100. Will any Democratic party be proud of its record?

JOHN LORD LOVE, Subcity Candidate for Attorney General, while here in Oroville, was overheard to say to a kind of Republican friends that "the Democrats have got the State in a hole of hell." He has canvassed the State and knows whereof he speaks. We give him credit for more sense and intelligence than we have given to the men who have always told the people that those subsidy stumblers were fooling them in their public baraganes. Here is the evidence of their attorney General, that we were correct.—*Oroville Record.*

THE editor of the Los Angeles News has heard a report that John A. Bingham did not come to California for political purposes, but was attracted to this State by the report that Mrs. Fair was to be hung, and having a very decided taste for hanging women, he determined to see the hanging of Mrs. Fair. Her case, however, having been appealed to the Supreme Court, he was forced to return a disappointed man.

THE New York World says: "A fine set of thieves these fellows are who are forever plunging the country into riot and civil war. In the old slave States occurred 24 out of 29 revenue defalcations caused by Secretary Boutwell, and of the twenty others admitted by him as stolen, \$4,739,721.35 are set down to the score of these same perpetrating patriots. A fine picture it makes of Southern government functionaries, stealing with both hands, bawling meanwhile at their poor lungs, 'Ku-Klux-Ku-Klux.'"

EVERY white man should remember that in 1857 New York Booth said: "Now that we are not to hasten to erect an anti-Chinese wall at home. The Chinese are of cheap labor I will not here discuss, but it seems certain that if we could have them in abundance, the State would go forward at such a rate as to make any other attempt to make war on our Asiatic brethren." Mr. Booth still adheres to what he then said, and declares that he stands by his report. The *San Francisco Union* says it would despise Booth if he ceased to regard the Chinese as men and brothers and failed to encourage their immigration.
